

Do you have Medicare? Learn more about your insurance options.

Open enrollment is October 15 - December 7. That means it's time to start planning for your 2023 Medicare coverage. Do you have questions or want help understanding your Medicare coverage and the option of Medicare Advantage? Your Insurance Coordinator can help.

When you are ready to compare insurance plans, here are a few options:

- /// Call Medicare at 1-800-MEDICARE or visit Medicare.gov.
- /// Visit the State Health Insurance Assistance Programs at SHIPHelp.org.
- /// Contact an independent licensed insurance agent, like those at SelectQuote. Their agents are familiar with end stage renal disease – and can help you find the best coverage.

Why talk to an independent licensed insurance agent?

- /// Compare benefits for Medicare Advantage plans available in your area.
- /// Consider checking to see if you are eligible for Medicaid as a secondary insurance.
- /// Review insurance plans that include your physicians, hospitals, and transplant centers.
- /// Compare plans that offer the best dental, vision, hearing, and medication coverage.
- /// Review all costs associated with each insurance plan, including premiums and out of pocket costs.

We know insurance coverage is important to you and we want to assist you in making an informed decision. Talk to your center's Insurance Coordinator for added support every step of the way.
